## Our Mission:

- To raise awareness and make an impact in our communities by providing training & mentoring to CHD nursing staff and community partners
- To assure the highest quality of care through supporting routine case and cohort reviews
- To provide direct support to our local CHDs and community by providing virtual and onsite assistance as needed, whenever possible
- To model the multi-disciplinary and multi-talented team approach that we promote, so that we can continue to overcome any obstacles to our vision for TB elimination, as a team.

**Dr. David Ashkin, Medical Director**  
561-266-6632

**Sherrie Arnwine, Nursing Director**  
850-491-9147
